

S.L. No. 39(R) - P.241/c

PUC has been received in reference to D.O letter No. CEC/82/2015 wherein some points were raised by Shri H S Brahma. These were

- (i) That there is some lack of integration between officers of Aadhaar, officers from RGI/Census, District administrators, post offices and CEO offices
- (ii) That NPR and biometric data collection has not been initiated in Meghalaya and that work of vendors is not being properly monitored, and that it should be done.

In this regard a letter has been received from Dr Chandramouli wherein in response to issues raised he has replied as under:

a) The biometric enrolment under NPR is undertaken by Office of RGI though the Central Public Sector Undertakings (CPSUs), which is monitored and supervised by the respective Directorate of Census Operations (DCOs). After the capture of biometrics, the encrypted data packets are uploaded to CIDR, UIDAI for de-duplication and generation of Aadhaar numbers. The Aadhaar letters are sent by Dept. Of posts to the addressee directly. This Office or the DCOs do not have any direct role in non-delivery of Aadhaar letters. However, instructions have been issued to the CPSUs to enter the present address correctly for proper delivery of Aadhaar letters. It is suggested that the Deputy Commissioners (DCs & CEOs) may hold meetings from time to time for coordination with Department of posts (DoP), which may be attended by the R.O. UIDAI, representatives of CPSUs and respective DCOs also.

b) The issue of start of biometric enrolment in Meghalaya under NPR, is being taken up separately with the State Government and it is expected to start in this month in two districts.

c) Instructions have been issued to CPSUs to ensure proper monitoring and placement of properly trained manpower at the PECs.

Moreover, it has also been informed that NPR database with Aadhaar and EPIC numbers, wherever available, are being provided to CEOs of Gujarat, Uttar Pradesh and West Bengal as requested by ECI. The office of RGI will co-operate ECI in all its endeavor for NERPA.

National Electoral Roll Purification and Authentication Programme (NERPAP), 2015, launched nationwide on 3rd March 2015 is in full swing in the States/UTs. For attaining core objective of the programme i.e linking Aadhaar of electors with electoral database, Aadhar numbers collected through different mode is being fed as first phase. After completion of feeding of Aadhar number, seeding of Aadhar in electoral database will be undertaken.

On the basis of inputs received from the CEOs of the States/UTs during Zonal review meetings, it has emerged that the States/UTs covered under NPR are lagging behind the other States/UTs covered under UIDAI in terms of coverage of Aadhaar. As such low coverage of Aadhaar in such States/UTs may be a great bottleneck for accomplishment of prime objective of the programme. The following issues have also been raised by the CEOs:

1. Poor coverage of Aadhaar in the above-mentioned States.
2. Poor distribution of Aadhaar letters to the persons concerned
3. Poor functioning of Service Providers, who have been assigned the task by NPR in the States/UTs.
4. Regional issues are not being taken care of by the Service Providers and thus residents are reluctant to get registered.
5. Methodologies may be devised by NPR to share TIN and other primary details of residents, so that EPIC/mobile number/e-mail ID can be get collected from them by the BLOs.

The Commission in its review meeting on 07.05.2015 has expressed its concern in the matter and directed to hold a meeting of RGI, CEOs of the States/UTs covered under NPR and Census Director of these States/UTs.

Accordingly, a meeting may be organised with RGI and the CEOs of Arunachal Pradesh, Assam, Dadra and Nagar Haveli, Jammu and Kashmir, Lakshadweep, Manipur, Meghalaya, Mizoram, Nagaland, Odisha, Tamil Nadu and West Bengal and Census Director of these States in the ECI on the date and time convenient to the Commission, so that issues raised above may be resolved. Dair (IT)

As per telecon with Mr. Chakravarty of RGI, they would be available on 15th or 16th May 2015. DEC (WS) suggested 18th May 15, but RGI is not available.

It is proposed that meeting may be kept on 15th May 2015.
